## Star Standard Container

**Model 20'/40' and GP/HC**

Version 001 September 2022

**CIMC Equilink**

Introduction

CIMC Equilink Box was designed on the basis of extensive repair data from the world's largest reefer repair statistics database, as well as customer input and the know-how of the CIMC Equilink engineering teams. This enabled the engineers to focus their attention on areas where they were able to make a real difference to both performance and Total Cost of Ownership. The result is our highly durable CIMC Equilink Box, designed for minimum repair costs and the best possible cargo protection.
